

# Nursery Rack Installation Manual

## Step One:

Attach left and right deck brackets with 7/16 hardware.

## Step Two:

Place decks into left and right brackets on H-frames with 7/16 hardware.

## Step Three:

Attach X-bracing brackets using self-tappers. Common measurement 7" to center of bolt. Note: measurements may vary depending on size of decks. Must have even spacing to ensure proper squaring.

**Step Four:**

Attach X-bracing using 5/16 Nylock nuts. Check squaring of nursery rack.

**Step Five:**

Finished product shown below. Repeat steps one through four if necessary.
