

# Safety Data Sheet

Advanced Nutrients OG Organics Iguana Juice Bloom

## Section 1. Identification

|   |  |
|---|--|
| <b>GHS product identifier</b>                                 | : Advanced Nutrients OG Organics Iguana Juice Bloom  |
| <b>Other means of identification</b>                          | : Product Code: 5203<br>Formula Code: 018F-OIM   |
| <b>Recommended use of the chemical and restriction on use</b> | : A plant nutrient used to obtain faster growth and larger yields in all kinds of growing media. Not to be used as food or feed in any forms.  |
| <b>Supplier/Manufacturer's details</b>                        | : Advanced Nutrients<br>8687 Melrose Ave, Suite G320<br>West Hollywood, CA 90069<br>Tel: 833.420.2902<br>Email: <a href="mailto:info@advancednutrients.com">info@advancednutrients.com</a><br><a href="http://www.advancednutrients.com">www.advancednutrients.com</a> |
| <b>Emergency Phone number</b>                                 | : CHEMTREC Emergency Phone Numbers:<br>1-800-424-9300 (North America, including Canada and Mexico) CCN 613830<br>1+703-527-3887 (International) CCN 613830   |

## Section 2. Hazard Identification

|  |  |
|--|--|
| <b>GHS classification of the substance/mixture</b> | : Neither the mixture nor its major constituents are listed in (a) the CLP/GHS database (Table 3.1 and 3.2 of Annex VI to CLP) and (b) OSHA Laws & Regulations (29 CFR - 1910 Subpart Z: Table Z-1 to Z-3) as hazardous materials. |
| <b>GHS label elements</b>                          |  |
| <b>Pictogram symbol</b>                            | : Not applicable.  |
| <b>Signal word</b>                                 | : Not applicable.  |
| <b>Hazard statement</b>                            | : Not hazardous.   |
| <b>Precautionary statement</b>                     |  |
| <b><u>General</u></b>                              | : Read label before use. Keep out of reach of children.  |
| <b><u>Prevention</u></b>                           | : Wash hands thoroughly after handling.  |
| <b><u>Response</u></b>                             | : If skin or eye irritation occurs get medical advice/attention.<br>If in eyes: rinse cautiously with water for several minutes.   |
| <b><u>Storage</u></b>                              | : Store in cool and dry place.   |
| <b><u>Disposal</u></b>                             | : Dispose of contents and container in accordance with local, regional, national and international regulations.  |
| <b>Other hazards (not covered by the GHS)</b>      | : None known.  |

## Section 3. Composition/Information on Ingredients

|  |                   |
|--|-------------------|
| <b>Substance/Mixture</b>                       | : Mixture.        |
| <b>Chemical identity</b>                       | : Not applicable. |
| <b>Common name/synonym</b>                     | : Not available.  |
| <b>CAS number and other unique identifiers</b> | : Not applicable. |
| <b>Impurities and stabilizing additives</b>    | : Not applicable. |

| <b>Ingredient name</b> | <b>CAS number</b> | <b>% (w/w)</b> | <b>Classification according to OSHA Laws</b> |
|------------------------|-------------------|----------------|--|
| Magnesium Sulfate      | 7487-88-9         | 1-10           | Not classified as hazardous.                 |
| Potassium Sulfate      | 7778-80-5         | 10-25          | Not classified as hazardous.                 |

The chemical identity of the remaining ingredients and their exact proportions used in the mixture are a proprietary trade secret (protected by the Confidential Business Information –CBI) and, within the current knowledge of the manufacturer and in the concentration applicable, they are not hazardous to health or the environment.

## Section 4. First-aid Measures

### Description of necessary measures

|  |  |
|--|--|
| <b>Self-protection of first-aiders</b> | : No special protection is required.   |
| <b>General information</b>             | : Remove contaminated clothing immediately. In case of accident or unwellness, seek medical attention immediately.   |
| <b>Inhalation</b>                      | : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.  |
| <b>Skin contact</b>                    | : Flush contaminated skin with plenty of water. Get medical attention if symptoms occur.   |
| <b>Eye contact</b>                     | : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 20 minutes. Get medical attention if irritation occurs. |
| <b>Ingestion</b>                       | : Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur. |

**Most important symptoms/effects, acute and delayed:**

- |                     |   |
|---------------------|---|
| <b>Inhalation</b>   | : No known significant effects or critical hazards.     |
| <b>Skin contact</b> | : No known significant effects or critical hazards.     |
| <b>Eye contact</b>  | : If in eyes, it causes eye irritation.                 |
| <b>Ingestion</b>    | : If swallowed, it irritates mouth, throat and stomach. |

**Indication of immediate medical attention and special treatment needed:**

- |                            |                          |
|----------------------------|--------------------------|
| <b>Notes to physician</b>  | : Treat symptomatically. |
| <b>Specific treatments</b> | : No specific treatment. |

See also toxicological information (Section 11).

## Section 5. Fire-fighting Methods

- |   |   |
|---|---|
| <b>Suitable extinguishing media</b>                     | : Any media suitable for extinguishing a surrounding fire.  |
| <b>Unsuitable extinguishing media</b>                   | : Not known.  |
| <b>Specific hazards arising from the chemical</b>       | : No specific fire or explosion hazard.   |
| <b>Special protective equipment for fire-fighters</b>   | : Firefighters may enter the area if a self-contained breathing apparatus (SCBA) and a full face piece is worn. |
| <b>Special protective precautions for fire-fighters</b> | : No special protection is required.  |

## Section 6. Accidental Release Measures

**Personal precautions, protective equipment and emergency procedures**

- |                                    |   |
|------------------------------------|---|
| <b>For non-emergency personnel</b> | : Put on appropriate personal protective equipment.   |
| <b>For emergency personnel</b>     | : If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel". |

- |                                  |   |
|----------------------------------|---|
| <b>Environmental precautions</b> | : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air). |
|----------------------------------|---|

**Methods and materials for containment and clean up**

- |                    |  |
|--------------------|--|
| <b>Small spill</b> | : Stop leak if without risk. Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Dilute with water and mop up if water-soluble. Do not absorb in sawdust or other combustible material. It may lead to a fire risk when it dries out. Alternatively, or if water-insoluble, absorb with an |
|--------------------|--|

### Large spill

- : inert dry material and place in an appropriate waste disposal container. Dispose via a licensed waste disposal contractor.
- : Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

## Section 7. Handling and Storage

### Precautions for safe handling

#### Advice on general hygiene

- : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. See also Section 8 for additional information on hygiene measures.

#### Protective measures

- : Put on appropriate personal protective equipment (see Section 8).

#### Conditions for safe storage and any incompatibilities

- : Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Separate from reducing agents and combustible materials. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

## Section 8. Exposure Controls/Personal Protection

### Control parameters

#### Occupational exposure limits

- : Not applicable according to OSHA's mandatory PELs in the Z-Tables.

#### Biological limit values

- : None.

#### Appropriate engineering controls

- : No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

|  |   |   |
|--|---|---|
| <b>Environmental exposure controls</b>     | : | Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.   |
| <b>Individual protection measures</b>      |   |   |
| <b>Hygiene measures</b>                    | : | Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Ensure that eyewash stations and safety showers are close to the workstation location. |
| <b>Personal Protective Equipment (PPE)</b> | : | PPE should be used in conjunction with other control measures, including engineering controls, ventilation and isolation. See Section 5 (Fire-fighting measures) of the SDS for specific fire/chemical PPE advice.                                    |
| <b>Eye/face protection</b>                 | : | Do not get in eyes. Wear chemical safety goggles and a face shield if splashing hazard exists.  |
| <b>Skin protection</b>                     | : | Avoid skin contact. Wear gloves when handling the product directly.   |
| <b>Respiratory protection</b>              | : | Not required under normal conditions of use.  |
| <b>Thermal hazards</b>                     | : | None.   |

## Section 9. Physical and Chemical Properties

|   |   |                         |
|---|---|-------------------------|
| <b>Appearance (physical state)</b>                  | : | Liquid, dark and opaque |
| <b>Odor</b>   | : | Fish                    |
| <b>Odor threshold</b>                               | : | Not available           |
| <b>pH</b>   | : | 4.15                    |
| <b>Melting point/Freezing point</b>                 | : | Not available           |
| <b>Initial boiling point and boiling range</b>      | : | 100°C (212°F)           |
| <b>Flash point</b>                                  | : | Not available           |
| <b>Evaporation rate</b>                             | : | Not available           |
| <b>Flammability (solid, gas)</b>                    | : | Not available           |
| <b>Upper/lower flammability or explosive limits</b> | : | Not available           |
| <b>Vapor pressure</b>                               | : | Not available           |
| <b>Vapor density</b>                                | : | Not available           |
| <b>Relative density</b>                             | : | 1.292 g/mL              |
| <b>Solubility (ies)</b>                             | : | Complete in water       |

|   |                 |
|---|-----------------|
| <b>Partition coefficient: n-octanol/water</b> | : Not available |
| <b>Auto-ignition temperature</b>              | : Not available |
| <b>Decomposition temperature</b>              | : Not available |
| <b>Viscosity</b>                              | : Not available |

## Section 10. Stability and Reactivity

|   |  |
|---|--|
| <b>Reactivity</b>                         | : Not available.   |
| <b>Chemical stability</b>                 | : Normally stable.   |
| <b>Possibility of hazardous reactions</b> | : Under normal conditions of storage and use, hazardous reactions will not occur.                      |
| <b>Conditions to avoid</b>                | : Freezing temperatures.   |
| <b>Incompatible materials</b>             | : Not available.   |
| <b>Hazardous decomposition products</b>   | : Under normal conditions of storage and use, hazardous decomposition products should not be produced. |

## Section 11. Toxicological Information

| <b>Acute toxicity</b> |                 |                |                                  |                   |
|-----------------------|-----------------|----------------|----------------------------------|-------------------|
| <b>Ingredient</b>     | <b>Toxicity</b> | <b>Species</b> | <b>Dose*</b>                     | <b>Remark</b>     |
| Potassium Sulfate     | Oral LD50       | Rat            | 2000 mg/kg bw                    | Not harmful       |
|                       | Inhalation LCO  | Rat            | 3.6 mg/m <sup>3</sup> air - 4hrs | Not harmful       |
|                       | Dermal LD50     | Rat            | 2000 mg/kg bw                    | Not harmful       |
| Magnesium Sulfate     | Oral LD50       | Rat            | >2000 mg/kg bw                   | Not harmful       |
|                       | Inhalation LCO  | -              | -                                | No data available |
|                       | Dermal LD50     | Rat            | >2000 mg/kg bw                   | Not harmful       |

\*- Obtained from ECHA (Updated October 12, 2018)

|   |   |
|---|---|
| <b>Skin corrosion/irritation</b>  | : There is no data available.                       |
| <b>Serious eye damage/irritation</b>  | : There is no data available.                       |
| <b>Respiratory or skin sensitization</b>  | : There is no data available.                       |
| <b>Germ cell mutagenicity</b>   | : There is no data available.                       |
| <b>Carcinogenicity</b>  | : There is no data available.                       |
| <b>Reproductive toxicity</b>  | : There is no data available.                       |
| <b>STOT-single exposure</b>   | : There is no data available.                       |
| <b>STOT-repeated exposure</b>   | : There is no data available.                       |
| <b>Aspiration hazard</b>  | : There is no data available.                       |
| <b>The Likely routes of exposure, health effects and Symptoms related to the physical, chemical and toxicological characteristics</b> |   |
| <b>Eye contact</b>  | : No known significant effects or critical hazards. |

|  |   |
|--|---|
| <b>Inhalation</b>  | : No known significant effects or critical hazards. |
| <b>Skin contact</b>  | : No known significant effects or critical hazards. |
| <b>Ingestion</b>   | : No known significant effects or critical hazards. |
| <b>Delayed and immediate effects and also chronic effects from short or long term exposure</b> |   |
| <b>Short-term exposure</b>   |   |
| <b>Potential immediate effects</b>   | : No known significant effects or critical hazards. |
| <b>Potential delayed effects</b>   | : No known significant effects or critical hazards. |
| <b>Long-term exposure</b>  |   |
| <b>Potential immediate effects</b>   | : No known significant effects or critical hazards. |
| <b>Potential delayed effects</b>   | : No known significant effects or critical hazards. |
| <b>Potential Chronic health effect</b>   | : No known significant effects or critical hazards. |
| <b>Numerical measures of toxicity</b>  |   |
| <b>Acute toxicity estimate</b>   |   |
| <b>Oral</b>  | : There is no data available.                       |
| <b>Inhalation of vapors</b>  | : There is no data available.                       |

## Section 12. Ecological Information

### Toxicity

| <b>Ingredient name</b> | <b>Result</b>                      | <b>Species</b>                    | <b>Exposure</b> | <b>Reference</b> |
|------------------------|------------------------------------|-----------------------------------|-----------------|------------------|
| Potassium Sulfate      | Acute LC50 720 mg/l<br>Fresh water | Aquatic invertebrate -<br>Daphnia | 48 hours        | ECHA             |
|                        | Acute LC50 680 mg/l<br>Fresh water | Fish- Fathead minnows             | 96 hours        | ECHA             |
| Magnesium Sulfate      | Acute LC50 680 mg/l<br>Fresh water | Fish- Fathead minnows             | 96 hours        | ECHA             |

|                                      |                                |
|--------------------------------------|--------------------------------|
| <b>Persistence and degradability</b> | : No data available.           |
| <b>Bioaccumulative potential</b>     | : No data available.           |
| <b>Mobility in soil</b>              | : No data available.           |
| <b>Other adverse effects</b>         | : No known significant effect. |

## Section 13. Disposal Considerations

|                                  |   |
|----------------------------------|---|
| <b>Disposal of waste methods</b> | : Disposal of all waste must be done in accordance with municipal, provincial and federal regulations. Dispose of |
|----------------------------------|---|

|                               |  |
|-------------------------------|--|
| <b>Contaminated packaging</b> | surplus and non-recyclable products via a licensed waste disposal contractor. No sewage disposal!!<br>: Empty containers should be recycled or disposed of through an approved waste management facility. Persons conducting disposal, recycling or reclamation activities should follow the information in Section 8 of this SDS. |
|-------------------------------|--|

## Section 14. Transport Information

| Identification of ingredients according to UN Model Regulations |  |
|---|--|
| <b>UN number</b>  | This product is a mixture of ingredients which are not listed as 'Dangerous Goods' in Chapter 3.2 of UN Recommendations on the Transport of Dangerous Goods and/or one or more ingredients are included in the list but their mixture is exempted from the same Regulation based on the Articles 2.0.2.5 (C), 2.0.2.7 and 3.3.1 No. 208. |
| <b>UN proper shipping name</b>                                  |  |
| <b>Transport hazard class(es)</b>                               |  |
| <b>Packing group</b>  |  |
| <b>Special precaution for user</b>                              | <b>Transport within user's premises:</b> always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.  |
| <b>Transport in bulk</b>  | Not applicable ( $\leq 1000\text{L}$ -container)   |

### Environmental hazards

| Ingredient's name | IMDG | UN | ADR | RID | ADN |
|-------------------|------|----|-----|-----|-----|
| Potassium Sulfate | No   | No | No  | No  | No  |
| Magnesium Sulfate | No   | No | No  | No  | No  |

## Section 15. Regulatory Information

|  |  |
|--|--|
| <b>Safety, health and environmental regulations specific for the product in question</b> | : No known specific national and/or regional regulations applicable to this product (including its ingredients). |
|--|--|

## Section 16. Other Information

|                                    |  |
|------------------------------------|--|
| <b>Prepared by</b>                 | : Department of Product Development, Advanced Nutrients Ltd., Canada                                   |
| <b>Date of Preparation (d/m/y)</b> | : 17/12/2018   |
| <b>Version</b>                     | : 6  |
| <b>Date of Revision</b>            | : 01/21/2025   |
| <b>Revised Sections</b>            | : Section 1,2 and 3  |
| <b>Key Acronyms:</b>               |  |
| <b>ADN</b>                         | : The European Agreement concerning the International Transport of Dangerous Goods by Inland Waterways |

|             |   |
|-------------|---|
| <b>ADR</b>  | : The European Agreement concerning the International Carriage of Dangerous Goods by Road |
| <b>BW</b>   | : Body Weight   |
| <b>IATA</b> | : International Air Transport Association shipment of Dangerous Goods Regulation          |
| <b>IMDG</b> | : International Maritime Dangerous Goods code   |
| <b>RID</b>  | : The Regulation concerning the International Carriage of Dangerous Goods by Rail         |
| <b>SDS</b>  | : Safety Data Sheet   |
