TRIM MORE. EVEN FASTER

TWISTERRAILS

TWISTERCONVEYOR

The **Twister T2**
is the most advanced trimming system on the planet.

“By combining Twister T2’s, Twister Rails, and Twister Conveyors, you benefit from an **unparalleled** trimming system that processes at the highest speed and quality.”

- **A combined 22 StaySharp™ blades** deliver almost 40,000 precise, scissor-like cuts every 60 seconds.
- **Trimmed pieces** are of uniform quality, hour after hour; day after day.
- **Two Twisters back-to-back** process double the amount without the need for extra operators.
- **FDA-approved feed conveyor** provides up to 20% improvement in speed and consistency of trimming.
- **QC conveyor provides** unmatched ability to visually inspect, touch up or reject any and every flower.
- **Still not convinced?** Start with one Twister T2 and easily add a second whenever you're ready to step your game up.
